

VT Summer Research Conference

Presenter Registration Form

* Required

Please Read

Virginia Tech's Office of Undergraduate Research is hosting the VT Summer Research Symposium in Goodwin Hall (Blacksburg campus) on Thursday, July 25, 2024. This conference is aimed at offering participants in organized summer research programs and undergraduate researchers at large the opportunity to gain experience communicating their research.

All presentations will be in POSTER format. Presentation guidelines and requirements can be found on the conference webpage: <https://www.research.undergraduate.vt.edu/present-and-publish/student-present-and-publish/virginia-tech-conferences/summer-research-conference.html>

Registration is free. If you are presenting as a team/group, please submit only one registration form and list all members of your team. ***Please note that once you submit this form you will not be able change your title or abstract, so make sure that it is final before completing this form. You are STRONGLY encouraged to consult with your research mentor before completing this form.***

Details about the conference, including a schedule, will be made available on the conference webpage at least one week before the event:

<https://www.research.undergraduate.vt.edu/present-and-publish/student-present-and-publish/virginia-tech-conferences/summer-research-conference.html>

This conference is made possible with support from the Fralin Life Science Institute.

If you have any questions, please contact Keri Swaby in the Office of Undergraduate Research at kswaby@vt.edu.

Project Information

The audience at the conference will choose what presentations to attend based on your project title and abstract, so you are encouraged to use accessible language that is understandable to a broad audience.

34. Project Title *

35. Abstract (250 word, max):

Where possible, please try to avoid special characters and formatting such as bulleted lists and hard returns, as they will not be translated correctly from the survey software to the abstract book.

Please note that we will not be able to make any changes to submitted abstracts or titles. Make sure that you receive approval from your faculty advisor/mentor prior to submission.

The abstract should include the following:

- 1) Statement of the research question(s) or goal(s) of the project
- 2) Purpose of the study or creative works (i.e. big picture and where it fits in)
- 3) Methods or description of creative/analytic processes used
- 4) Summary of results (actual or anticipated) or description of project outcome(s)

To ensure there are no errors in formatting, please additionally email your abstract to ugr@vt.edu. Thank you! *

36. Please add any comments or other special considerations
