

## 2019 Summer Undergraduate Research Internship

Participate in ongoing transportation safety research at the Texas A&M Transportation Institute (TTI) – the largest university-based transportation research institute in the country.

- Pair with a research mentor to
- Complete an independent research project on a topic building on the mentor’s active research.

### EXAMPLES OF RESEARCH TOPICS:

- Connected and Automated Vehicles
- Transportation as a Service
- Big Data Analytics
- Human Factors
- Roadway/Traffic Engineering
- Urban Planning

Participants will receive \$6,000 support for the ten week internship. The program also provides housing and a generous food allowance.

### BENEFITS OF THIS RESEARCH EXPERIENCE:

- Learn more about careers in transportation research
- Explore whether graduate school is right for you
- Meet students from across the country with similar interests

Sponsored by the Safe-D University Transportation Center.
