Hi Nicole, when you submit this form, the owner will be able to see your name and email address.

Please Read

Virginia Tech's Office of Undergraduate Research (OUR) is hosting the annual VT Summer Research Symposium. This conference is aimed at offering participants in organized summer research programs and undergraduate researchers at large the opportunity to gain experience communicating their research.

This conference will be virtual, with asynchronous 5-minute video presentations and interactive discussion threads to enable interactions with the presenters. Details about the conference, including instructions for creating a video presentation and sharing it to the conference site are available on the conference webpage: https://tinyurl.com/2020summersymposium.

Registration is free. If you are presenting as a team/group, please submit only one registration form and list all members of your team. Please note that once you submit this form you will not be able change your title or abstract, so make sure that it is final before completing this form. Upon submission of this application the faculty mentor listed will be asked for their approval in order for your application to be reviewed.

This conference is made possible with support from the Fralin Life Sciences Institute.

If you have any questions, please contact Keri Swaby in the Office of Undergraduate Research at kswaby@vt.edu.
